

The Port Campbell National Park is home to many native species of flora and fauna, some of which are threatened and/or are losing their natural habitat, like the Southern Brown Bandicoot, Swamp Antechinus, Long-nosed Poteroo and Hooded Plover.

Please help us to protect them by taking your furry friend on pet friendly walks only and keeping them on leash when required.

Domestic dogs are strictly prohibited in all areas of Port Campbell National Park. This includes the 12 Apostles.

The only exceptions to this are when dogs are confined to cars in transit or in car parks. Dogs are not permitted along the walking tracks, this includes being carried.

It is not cool to leave dogs in hot cars. Please follow the advice of Parks Victoria, Corangamite Shire and the RSPCA and find other arrangements for your pet on hot days.

It's not all bad news as dogs are permitted in areas of the Bay of Islands Coastal Park (18km west of Port Campbell).

Here's a list of pup friendly beaches and trails!
